

# DS DELUXE SPIKE

DS-NAT

The **DS Deluxe Spike** is an excellent example of how Auroralight delivers quality and innovation start to finish in both the luminaire and the mounting hardware. The DS is a great solution when working in hard or root-bound soils; it features a thick brass mount plate and three stainless steel spikes. This option is a significant upgrade from STANDARD: PVC or ABS stakes, ideal for smaller path lights or spotlights. The solid brass plate complements our solid brass fixtures, as they both age gracefully over the years.

**ORDERING GUIDE:** <sup>Prefix</sup> **DS** D (DELUXE) S (SPIKE)
