

LWM250-S5-GTL EQUINOX

The **LWM250** series of LED Wall Sconces are the latest addition to our line of innovative and exquisite wall mount luminaires. This series is available in three elegant shade designs and two progressive sizes. Its timeless design enhances architecture and garden elements such as pergolas or gazebos. The LWM provides design continuity when used in conjunction with our LBD Bollard and LML Pendant series luminaires, whose quality of materials and craftsmanship are exclusive to Auroralight.

Features include:

- 8 Watts up to 244 Lumens
- Cree LED™ XLAMP® Extreme High Power (XHP)
- 2700K (80 CRI) or 3000K (80 CRI)
- Thermally Integrated® w/ Copper Core Technology®
- 12V Integral Constant Current Driver (Remote 12V AC/DC Transformer Required)
- Dimmable to <10% (TRIAC/Forward Phase) via Compatible Transformer
- Compatible w/ 12V AC/DC MLV or ELV Transformers
- Solid Copper and Brass Construction

The Echo COLLECTION

The Echo Collection™ from Auroralight are configurable and scale-able, Wall Sconce, Pendant and Bollard luminaires. This all-encompassing line of products was designed to complement one another while also providing the level customization everyone has come to expect from Auroralight.

COPPER CORE TECHNOLOGY®

Copper Core® is a registered trademark of Auroralight. It is synonymous with the mark of quality and integrity. It means that our products are built upon a superior foundation of Solid Copper, ensuring every critical part functions seamlessly together. Thermally integrated® one component to the next. Auroralight manufactured without compromise, engineered with passion, in the USA.
