

LWW-3-NI

LWW-1-BLP-XD

LWW-2-NAT

The innovative **LWW Wallie** series wall wash luminaire is compact, powerful, and agile. It features precision-machined acrylic optics with a deep prismatic design that allows for a uniform 125° distribution from a single optic. Linear applications are supported via the 2 and 3 optic versions. With each optic being splayed away from the adjacent lens, 140°+ distribution is possible. This low-profile fixture is easily hidden among plantings and other landscape features, but the effect is dramatic and inviting.

Features include:

- 3, 4 or 7 Watts and up to 249 Lumens
- Cree LED™ XP-L® High Density
- 2700K (80 or 90 CRI), 3000K (80 CRI), 4500K (80 CRI), or Amber (585-595nm)
- Thermally Integrated®
- 12V Integral Constant Current Driver (Remote 12V AC/DC Transformer Required)
- Dimmable to <10% (TRIAC/Forward Phase) via Compatible Transformer
- Compatible w/ 12V AC/DC ELV or MLV Transformers
- Solid Brass Construction
- US Patent No: D838,398 S

COPPER CORE TECHNOLOGY®

Copper Core® is a registered trademark of Auroralight. It is synonymous with the mark of quality and integrity. It means that our products are built upon a superior foundation of Solid Copper, ensuring every critical part functions seamlessly together Thermally integrated® one component to the next. Auroralight manufactured without compromise, engineered with passion, in the USA.

The Aurora Mount System (AMS™) features 2 axis of adjustment – 360° of fixture rotation at the mount and 230° at the solid brass knuckle. The ultimate in precision aiming without twisting or compromising wire integrity.
